Training and Placement Newsletter

Volume 04, Issue 01, January to June 2020

Inside this Issue

- Events Conducted
- I&E Cell Activities
- Placements

Upcoming Events

- Pre-placement training
- Webinars by Alumni

VISION

To deliver competent and skilled resources to face the challenges of a global industry

MISSION

- Design training programs for continuous development of Staff and Students
- Offer guidance on career development, resume building and interview skills
- Needs assessment of the corporate world through partnerships with all the stakeholders
- Obtain feedback from industries and corporates
- Secure challenging job opportunities
- Create a culture of continuous development and self-learning

ABOUT TRAINING AND PLACEMENT CELL

The Training and Placement Cell facilitates the process of placement of students graduating from the institute besides collaborating with leading organizations in setting up internship programs for the students. The Cell provides the infrastructural facilities to conduct pre-placement talks, online and written aptitude tests, group discussions, interviews besides catering to the hospitality of industry officials while on campus.

TRAININGS

- Training and Placement Cell conducted online FirstNaukri Aptitude test for all Third year students of Don Bosco College of Engineering. Also a coding test was conducted which was compulsory for Computer students and rest branches interested students could participate. Aptitude test was conducted online on 15th February 2020 and online coding test was conducted on 17th February 2020. The aptitude test was taken by 118 students and 25 students participated for coding test.

EVENTS

- Training and Placement Cell along with the Counselling Cell arranged a talk on Overseas Education offered by MAXXCELL. The T.E. Students from Computer, Mechanical, Civil and ETC attended the session. The talk was organized on Monday 17th February and on Thursday 27th February 2020. The talk was delivered by Ms. Anjali Mehta, MAXXCELL Overseas manager and Ms. Anisha Shanon Pires. They spoke about education available in USA, UK, Australia, New Zealand and Germany. The students asked questions regarding the courses, schemes and job opportunities.
- The Training and Placement Cell of Don Bosco College of Engineering arranged a talk on Higher Education – MBA perspective for the Final Year Engineering Students from Computer, Mechanical, Civil and Electronics & Telecommunication. The talk was organized on Wednesday, 26th February 2020 at the campus. The talk was delivered by Ms. Suchitra from IIBS, a MBA college from Bangalore. The resource person spoke about why MBA is good option after completion of Engineering and the need in industry for engineers with MBA degree. She also spoke about how MBA imparts leadership qualities and team management skills. The students asked questions regarding fees and placements. The talk ended with Dr. Shreyas Simu, Asst. TPO presenting letter of appreciation to the Professional Learning Institute.
- The Training and Placement Cell of Don Bosco College of Engineering arranged a talk on schemes and training offered by Ministry of micro, small and medium scale enterprises (MSME). The Second year and Third year Engineering Students from Computer, Mechanical, Civil and Electronics & Telecommunication attended the talk and video session. The talk was organized on Wednesday, 26th February 2020 at the campus. The talk was delivered by Mr. P.P. Kulkarni, Asst. Director of MSME, Goa. He spoke about entrepreneurship and job creation in growing digital India. He spoke how MSME can help in setting up an enterprise for young aspiring students. Two videos were showed to students which imparted the information of various schemes of MSME. The students asked interesting questions regarding courses, schemes and job opportunities. The talk

ended with Rev. Fr. Kinley D'Cruz, Director of the college, presenting a letter of appreciation to Mr. P.P. Kulkarni.

- The Training and Placement Cell of Don Bosco College of Engineering organized an online webinar on the topic 'Career in Engineering'. This webinar targeted students of class 10th, 11th, 12th and their parents. The objective of the webinar was to help aspiring students to acquire a challenging engineering career in life. Online webinar session was conducted on Webex video conferencing platform on 26th May 2020 from 4 PM to 5:30 PM. The number of registrations received was 35 out of which 3 were parents and rest were students between the age group of 15-17 years. Registrations were received from various locations such as Mumbai, Bengaluru, Kolhapur, Sawantwadi apart from cities of Goa. Prof. Avila Naik was the Moderator of the event and Dr. Shreyas Simu was the Event co-ordinator.
- With overwhelming response for previous event and requests from participants the Training and Placement Cell of Don Bosco College of Engineering organized second online webinar on the topic 'Career in Engineering 2.0'. This webinar targeted prospective students of class 10th, 11th, 12th as well as diploma and their parents. The objective of the webinar was to help aspiring students to acquire a challenging engineering career in life. Online webinar session was conducted on Webex video conferencing platform on 8th June 2020 from 11:30 AM to 1:00 PM. The numbers of registrations received were 20 out of which 5 were parents and rest were students between the age group of 15-19 years. Registrations were received from various cities of Goa. Prof. Avila Naik was the Moderator of the event and Dr. Shreyas Simu was the Event co-ordinator.

I&E CELL ACTIVITIES

- Three days Entrepreneurship Awareness Camp (EAC) for Second Year Engineering students of Computer Engineering, Civil Engineering and Mechanical Engineering and Final Year Students of Electronics & Telecommunication Engineering was held from 23 to 25 January 2020. Entrepreneurship Development Institute of India (EDII) under the DST-NIMAT Project sponsored the camp.
- I&E-Cell organized three days Entrepreneurship Awareness Camp (EAC) for the Government Polytechnic Students from 27 to 29 February 2020 at Government Polytechnic, Curchorem.
